DAROC Stereo Speaker, black

Save space and enjoy sleek design and maximum practicality with a set of compact DAROC Stereo Speakers. They'll take up hardly any of your precious space, and with their understated design they'll blend in with any interior. They also feature smart dual-input connectivity on the front for a headset or a set of headphones. This means you can leave the speakers connected to the PC via their two jack plugs and still make video/audio calls or even listen to music undistributed – a huge plus-point, giving you maximum flexibility and saving you from the hassle of having to crawl around under the desk to swap cables.
