

SL-620800-BK

LAX Gel Wrist Rest, black

Give your wrist a rest. The comfortable and soft LAX Wrist Rest Gelpad supports your hand when using the mouse, and moulds flexibly to the shape of your wrist thanks to its gel filling – for optimal ergonomics and comfortable, fatigue-free mouse use. You can use the Gelpad with any mousepad, plus it stays rooted to any desktop surface thanks to its non-slip rubberised backing.

Features

- Ergonomic wrist rest
- Comfortable mouse use
- Reduced wrist strain for fatigue-free mouse use
- Suitable for use with all mousepads and on any desktop
- Soft padding for maximum comfort
- Flexible gel filling moulds to fit your wrist
- Velvety soft covering
- Wing design guarantees full freedom of movement for wrist and hand
- Non-slip rubberised backing
- Suitable for left and right-handers
