

SL-450500-BK

TRAILBLAZER Racing Wheel for PC/PS4/PS3/Xbox

Series X/S/One/Switch/OLED, black

Dominate off-road routes and the world's most famous race circuits with the TRAILBLAZER Racing Wheel. Experience maximum compatibility, superb control and incredible ergonomic comfort. Thanks to its realistic gear shifter, you can make race-critical gear changes in a split-second. And with its pedal unit placed on the floor, it'll feel like you're actually sitting in a racing car cockpit. Its rapid-access shifter paddles let you drift stylishly through tight curves, and take chicanes with ease. Feel the thrill with the force vibration function, and thunder across the asphalt!
