

**Flexible and ergonomic –
The new PIAVO PRO Illuminated Rechargeable Vertical Mouse by
Speedlink**

**The PIAVO PRO ensures a natural posture of the hand and facilitates work at
the computer**

Heeslingen/Germany, May 3, 2023 – The new ergonomic mouse PIAVO PRO from Speedlink convinces with functionality and comfort. It prevents impairments and long-term damage to the wrist, shoulder and neck and is a highlight on any desk with its multicoloured lighting.

Wireless connection for highest flexibility

The PIAVO PRO makes working on the computer a pleasure. The ergonomic, vertical shape of the mouse promotes a natural posture of the hand and prevents impairments and long-term damage to the wrist, shoulder and neck. In addition, the mouse convinces with its functional properties. Whether at the desk or anywhere else in the room – thanks to the wireless connection with a range of up to ten meters, maximum flexibility is guaranteed while working. Furthermore, the rechargeable 500 mAh lithium-ion battery and intelligent power-saving mode ensure lasting strong performance. To vary the sensor resolution as desired, the mouse has a dpi switch. The multicoloured illumination of the PIAVO PRO brings colour into the daily work routine.

Do good with the TERRA WWF Dolphin Mousepad

The TERRA WWF mouse pad with dolphin motif provides variety on the desk / at the workplace. The purchase of the mousepad supports the World Wide Fund For Nature (WWF), which works worldwide to protect endangered species. 50 cents of the purchase price will go to the WWF. The mousepad is robust, non-slip and

environmentally friendly made from recycled material. The durable surface is ideal for all mice with optical or laser sensor.
