

SL-260000-BK

PULSE X Play & Charge Kit for Xbox Series X/S, black

Tap the full power of your Xbox Series X® controller. The PULSE X Play & Charge Power Kit's high-capacity 1000mAh battery will power your gamepad for approx. 8 hours so it's always ready to use. You don't have to interrupt the nail-biting gameplay either as you can charge the battery while you game, making long waiting times a thing of the past. What's more, the 3m charging cable offers you maximum freedom.

Features
