EXCELLO Illuminated Headset Stand, 3-Port USB 2.0

Hub, integrated Soundcard, black

The EXCELLO Illuminated Headset Stand is a practical and elegant solution for any gaming setup. The space-saving design keeps headsets within reach at all times while preventing untidiness and tangled cables. Furthermore, the multi-coloured lighting ensures a pleasant atmosphere and can be changed using a touch sensor. To ensure the sound is as good as the look, the 7.1 sound card with matching software offers a variety of setting options as well as rich surround sound. Headsets can be connected via a 3.5mm jack or USB as preferred. What's more, up to three further devices can be connected via the integrated USB hub. Thanks to the EXCELLO's non-slip base, stability is guaranteed at all times, even on smooth surfaces.
