

## **Get ready for the next game with the VOLTOR LED stereo gaming headset and ZAVOS gaming mouse from Speedlink**

**These new tools provide colourful gaming pleasure**

**Heeslingen/Germany, December 15, 2021** – With the VOLTOR gaming headset and the ZAVOS gaming mouse, Speedlink presents new, stylish gaming equipment that is ideally suited for entry-level gaming with an excellent price-performance ratio.

### **The VOLTOR ensures ideal sound with maximum comfort**

The VOLTOR LED Gaming Headset offers everything you need for exciting gaming sessions. Thanks to the flexible headband and the ultra-soft ear cups, the necessary wearing comfort as well as the perfect fit is ensured. Communicating with your fellow gamers is also hassle-free with the precise microphone – even in the most heated moments, voice transmission remains clear. In addition, the 40 mm driver units deliver rich stereo sound to experience the music and effects of the games intensively. The volume can be adjusted at any time using the control on the left ear cup. The 1.8 m long jacketed cable also ensures sufficient freedom of movement during intense battles. A visual highlight is the multicoloured illumination on the outside of the two ear cups.

### **Absolute precision with the ZAVOS Gaming Mouse**

The ZAVOS Gaming Mouse is characterized by versatility, precision and style. The clean design allows for efficient as well as intuitive handling and is complemented by atmospheric lighting. Thanks to the five buttons and two dpi switches, the mouse is versatile and especially suitable for action-packed games. The sensor resolution of interpolated up to 6,400 dpi also ensures absolute precision and sensitivity – even the smallest targets can be safely targeted. No matter how sweaty the mission, the

ZAVOS' rubberised surface guarantees a perfect grip. To ensure that there is also enough room to move, the mouse has a 1.5 m long, sheathed and robust cable.
