GRAVITY RGB 2.1 Subwoofer System, black

The GRAVITY RGB is an active 2.1 sound system for PC or notebook use. And with 16.7 million colours to choose from, the subwoofer and satellites' RGB illumination add a stunning splash of colour to the system. With six different modes (incl. Off) to choose from you can even configure the light effects to match the music you're playing for a real disco feeling at home. And for maximum versatility and universal compatibility you can connect the GRAVITY RGB system to your multimedia device, smartphone or tablet using an AUX cable or even via BLUETOOTH®. The powerful subwoofer delivers deep bass and incredible world-rocking high-volume sound. Plus, the practical desktop remote makes it a breeze to control the speaker system – and thanks to its mains switch and auto stand-by mode, zero power is wasted.
