

SL-660200-BK

PAYZE Racing Simulator Cockpit, black

The PAYZE Racing Simulator Cockpit provides a breathtakingly authentic racing experience behind the wheel of your choice. Experience chases as intense as in a real car in the fast lane while also enjoying maximum seating comfort. The solid metal frame of the cockpit can be individually adjusted to your height and has an extremely comfortable and durable PU leather seat. Both the backrest and the brackets for the foot pedals and steering wheel can be optimally aligned depending on the seating position. The PAYZE Racing Simulator Cockpit makes your time behind the wheel an absolute pleasure, helping you achieve constant top performances on the race track. Get in and leave the competition behind.
