

SL-680016-BK

TAUROX RGB Gaming Mouse, black

Ergonomics, reliability and precision best describe the versatile TAUROX RGB gaming mouse with five configurable buttons and two dpi switches. Its multicoloured RGB illumination ensures an ideal gaming mood. The maximum sensor resolution of 7,200 dpi makes the wired mouse a precise gaming companion in all tricky and exciting battles. The driverless installation makes the mouse ready for immediate use so that the gaming adventure can begin. Adjusting the RGB LEDs as desired, defining macros, saving button assignments and different profiles is possible thanks to the software. A real gamechanger!
