LEVIA RGB Rechargeable Metal Office Scissor Keyboard

- Wireless, Bluetooth, grey - DE Layout

Best quality for the highest demands. The powerful LEVIA RGB Office keyboard with atmospheric lighting effects offers full flexibility thanks to its triple mode connection. The wireless connection 2.4GHz receiver or with up to three end devices via Bluetooth guarantees complete freedom of movement within a radius of up to 10 metres. The keyboard has a rechargeable 1,600mAh battery that allows you to work undisturbed for long periods. It can also be connected via the 1.5 metre cable for charging and immediate use.

Thanks to the compact design and the aluminium housing, the keyboard impresses with its high-quality appearance and is particularly robust. And the rubberised feet ensure maximum stability at all times. The LEVIA is equipped with a full-size keypad and twelve multi-function keys for easy and efficient input. The low profile scissor mechanism of the keys ensures an exceptionally comfortable typing experience.

Impressive lighting effects. The multicoloured RGB lighting can be switched on and off and offers eight different lighting modes.
