CONUX Wireless RGB Stereo Gaming Headset - for PC/ PS5/PS4/Xbox Series X/S/Switch2/Switch/OLED/Lite, black

The rechargeable CONUX Wireless RGB Stereo Gaming Headset offers two wireless connection options – Bluetooth and 2.4 GHz technology – as well as an additional wired option via a 3.5 mm jack. This ensures compatibility with all common gaming platforms, from PCs and smartphones to PS5, PS4, Xbox and the Switch. The powerful 50 mm driver units deliver detailed sound with precise reproduction from deep bass to clear highs, providing an intense gaming experience. Switching between different sound modes offers additional customization options. The multicolour RGB lighting creates an atmospheric gaming ambience. Comfort is a top priority, with ultra-soft padding and a robust metal frame for long-lasting wearing comfort and durability. The adjustable size and the detachable, sensitive microphone with flexible arm allow perfect adaptation to every in-game situation. The overall package is rounded off by the controls integrated directly into the headphones, providing quick access to volume control and microphone muting.
