* Device dependent; some functions only available in *BLUETOOTH®* mode

FR

1. Rechargez le haut-parleur : pour cela, reliez-le à une source de courant USB (500 mA) à l'aide du câble de recharge micro-USB. La recharge dure 2 à 3 heures ; le voyant violet est allumé durant la recharge.
2. Allumez le haut-parleur en amenant l'interrupteur sur « ON » ; le voyant bleu se met à clignoter.
3. Établissez sur votre smartphone ou votre tablette une liaison *BLUETOOTH®* avec le haut-parleur (« SPEEDLINK XILU »).
4. Vous pouvez également relier le haut-parleur à une source audio à l'aide du câble audio 3,5 mm.
5. Les touches sur la face inférieure permettent de commander la lecture et les fonctions de téléphonie (uniquement en cas de liaison *BLUETOOTH®*) ; pour plus de détails, veuillez vous reporter au tableau.
6. Lorsque vous utilisez le microphone, placez le haut-parleur sur le côté pour une compréhension optimale.
7. Dès que les performances diminuent, rechargez le haut-parleur. Lorsque vous ne vous servez pas du haut-parleur, éteignez-le en amenant l'interrupteur sur « OFF » afin de ne pas gaspiller d'énergie.

EN

1. Charge the speaker by connecting it to a USB power source (500mA) using the micro-USB charging cable. Charging takes around 2-3 hours – the LED will glow purple.
2. Switch the speaker on (ON) – the LED will flash blue.
3. Establish the *BLUETOOTH®* connection to the "SPEEDLINK XILU" device on your smartphone/ tablet PC.
4. Alternatively, connect the speaker to an audio source using the audio cable (3.5mm).
5. Use the buttons on the base to control playback and telephone functions (*BLUETOOTH®* connections only). Refer to the table for details.
6. For the best possible clarity, place the speaker on its side when using the microphone.
7. As soon as you notice a drop in performance, recharge the speaker. If you do not intend to use the speaker, simply set the switch to OFF to save power.

DE

1. Laden Sie den Lautsprecher auf: Verbinden Sie ihn dafür über das Mikro-USB-Ladekabel mit einer USB-Stromquelle (500 mA). Der Ladevorgang dauert ca. 2-3 Stunden; die LED leuchtet dabei violett.
2. Schalten Sie den Lautsprecher ein („ON“); die LED blinkt blau.
3. Stellen Sie über Ihr Smartphone/ Ihren Tablet-PC die *BLUETOOTH®*-Verbindung zum „SPEEDLINK XILU“ her.
4. Alternativ schließen Sie den Lautsprecher über das Audio-Kabel an eine Audio-Quelle an (3,5 mm).
5. Die Tasten an der Unterseite steuern Wiedergabe und Telefonfunktionen (nur bei *BLUETOOTH®*-Verbindung), Details entnehmen Sie bitte der Tabelle.
6. Für optimale Verständigung stellen Sie den Lautsprecher bei Nutzung des Mikrofons bitte auf die Seite.
7. Sobald die Leistung nachlässt, laden Sie den Lautsprecher bitte erneut auf. Bei Nichtgebrauch schalten Sie den Lautsprecher einfach ab („OFF“), um Strom zu sparen.

DO YOU KNOW THESE?

SPEEDLINK®

ATHERA XE KEYBOARD – *BLUETOOTH®*

Connect it to up to five *BLUETOOTH®* devices and easily switch between them.

SOLITUNE STEREO SPEAKER – *BLUETOOTH®*

Unites portability, great sound, *BLUETOOTH®* and NFC technology.

TOPICA STEREO SPEAKERS

Enjoy dynamic multimedia sound for music, video and chat.
