VIVAS LED Gaming True Wireless In-Ear Headphones, black

Mobile gaming is extremely lively and multifaceted. The VIVAS LED True Wireless In-ear Gaming Headphones were developed to ensure that the sound is right on the go. Thanks to their designated low-latency gaming mode, the stereo headphones are ideal for fast, demanding action. When used in gaming mode it is accompanied by vivid lighting - perfect for the modern gaming world. When you are not playing, you can use the headphones to enjoy other entertainment or make hands-free calls. Just connect to your smartphone or tablet via Bluetooth® and enjoy absolute freedom with a range of up to 10 metres. The battery life of around 20 hours makes the VIVAS LED and charging case the perfect companion for every trip.
