

SL-630013-BK BK

CEPTICA Mouse - Wireless, black

The Ceptica wireless entry-level mouse is universally usable thanks to its symmetrical shape, suitable for left- and right-handed users. The proven 2.4 GHz technology ensures a comfortable movement radius of up to 10m around the computer. Three buttons, the simple design and the precise sensor with adjustable 800/1,200/1,600dpi complete the functional wireless mouse.
