

SL-810009-BK

TONOS RGB Gaming Stereo Speaker, black

Merging sound and light: The SL-810009-BK TONOS RGB Gaming Stereo Speaker combines first-class sound with full-surface illumination. The various lighting modes, including reactive music lighting, allow you to customize your gaming environment according to your personal preferences. Thanks to the Bluetooth® connection, smartphones, tablets or other devices can be paired effortlessly. The integrated wired remote control offers convenient volume control and a practical on/off switch for selecting the connection via jack plug or Bluetooth®. The generous cable length of 1.2 meters plus 1.2 meters between the satellites provides sufficient flexibility for optimum positioning in the setup.
