## PECOS HRT Power Bank 5000mAh for MagSafe, black

Innovative charging with the PECOS HRT Powerbank for MagSafe®. This versatile HRT/Speedlink-branded powerbank is specifically designed to be compatible with MagSafe® phones and cases. It offers both wireless and wired charging for ultimate convenience. Thanks to the magnetic attachment, MagSafe® devices can be easily charged wirelessly, while the option of wired charging via USB-C provides the flexibility to charge almost any battery-powered USB device. The USB-C input/output enables fast charging times, ensuring readiness at all times. With a powerful 5000mAh lithium-ion battery, the powerbank ensures that devices are always supplied with power. The LED status indicator informs about the current charge level. The powerbank comes with a USB-A to USB-C charging cable, ideal for charging the powerbank itself. With compact dimensions and low weight, it is the perfect companion for on the go. Speedlink is the official partner of HRT for comprehensive PC equipment.
