Nice touch: The typewriter look returns to the desktop with Speedlink's CIRCLE Retro Keyboard

Weertzen, October 18, 2018: Tap into nostalgia with the CIRCLE keyboard from Speedlink and add a touch of elegance to your desktop.

Take a trip down memory lane with the CIRCLE Retro Keyboard from Speedlink. Its authentic round keys and customizable tilt are reminiscent of the great age of typewriters yet offers all the benefits of a modern keyboard. The full-sized layout boasts arrow keys, a numpad, and 11 multimedia keys as well as USB connectivity.

“The CIRCLE Retro Keyboard will appeal to a style-conscious audience that wants to combine the traditional elegance of a mechanical typewriter with all the benefits of modern technology. This product proves that good taste and advanced technology needn't be expensive,” said Rainer Nawratil, Senior Product Manager at Speedlink. Indeed, whereas typewriters used to cost hundreds of dollars back in the day, at \$ 19.99 (MSRP) the CIRCLE Retro Keyboard's price is anything but retro and won't put a dent in your wallet.
