Covering every base: Speedlink presents the ultimate gaming desk – the SCARIT

Weertzen, 20 February 2019: With the SCARIT, the gaming accessories specialist Speedlink presents an ergonomically designed desk optimised for gamers and other demanding users.

RGB keyboard? Check! RGB mouse? Check! Surround sound headset? Check! And then what's that? Yep, a good ol' desk from primary school days for all this cool gaming kit. "It doesn't have to be like this," thought the Speedlink product developers. So they set about creating the SCARIT: a desk that looks not only cool, but which also features a host of practical gadgets that are sure to set any gamer's pulse racing.

"With the SCARIT, our gaming lineup gains an important new product. Many gaming rigs have lacked a suitable podium. Now we've developed the perfect stage to round off and showcase the setup in all its glory," explained Rainer Nawratil, Director of Product Management, PR & Marketing at Speedlink.

In typical Speedlink style, the desk comprises a black MDF desktop with sturdy red Z-shaped steel legs. Four adjustable screw feet allow the desk to be levelled for solid, wobble-free stability – after all, who wants a desk that goes rocking all over the place, especially not in the heat of battle when precision and total control count. In addition, thanks to the high-mounted crossbar users can move their legs around freely for hour after hour of gaming comfort.

And to ensure gamers are not blasted out of the game because of mountains of cable mess and accessories piling up around them, the SCARIT boasts a headset stand and a cable management port to prevent cable clutter before it even happens.

Plus, should a sip of healing potion ever be needed, the SCARIT features a handy drinks holder located within grabbing distance on the side of the desk (and it can even be used for energy drinks).

“A perfectly arranged setup is often crucial for gaming victory. This includes not only having the right input devices, but also the right furniture. Our ergonomic gaming chairs have already proven themselves in esports, and thanks to our new SCARIT desk we can now offer the perfect platform that maximises success in the virtual world while also looking really cool,” said Rainer in conclusion.

SCARIT Gaming Desk

- Article number: SL-660100-BKRD
- Z-shaped gaming desk
- Cable-management system
- Handy drinks holder
- Headset/headphone stand
- Black MDF desktop (18mm)
- Metal desk legs in stunning red
- 4 adjustable screw feet for levelling and wobble-free stability
