## **One port, countless options: Speedlink presents SNAPPY EVO USB hubs and SNAPPY EVO card readers for USB-C ports and others**

**Weertzen, 31 July 2019 – Electronics specialist Speedlink is maintaining its standing as an innovative problem solver in the area of office peripherals with its SNAPPY EVO USB hubs and SNAPPY EVO multi-card readers. And what's really practical is that the variety of SNAPPY EVO models on offer already include versions with a USB-C connector.**

Everyone's been there at some stage in everyday office life: a laptop USB port is needed for a headset ... or for a smartphone charging cable ... or for that new presentation controller dongle ... or for a USB stick to transfer photos quickly from the last photoshoot, but there are none spare just when one's needed the most – typical!

Now thanks to Speedlink's premium range of active and passive SNAPPY EVO series USB hubs all of these scenarios are a thing of the past, with users able to connect anywhere between four or even eight additional devices depending on the hub version. Every model in the range, which comprises ten newly developed products, also has an eye-catching design – a refreshing change from the usual run-of-the-mill shapes out there.

And Speedlink isn't just offering versions with USB 2.0 or USB 3.0 ports, but also models that connect via USB-C. Once equipped with the appropriate ports or slots, the latest generation of connectors and cards can then be hooked up to devices including laptops, smartphones, cameras as well as the latest iPads® via the hubs or card readers.

The active series of hubs can even be powered from their included AC adapter – a really practical feature for rapid and reliable simultaneous

charging of different devices without the hub needing to be tethered to a laptop.

SNAPPY EVO all-in-one card readers complement the new lineup. The three different models for USB 2.0, USB 3.0 and USB-C ports each feature six slots for popular memory cards ranging from microSD to MS PRO Duo, plus they support SDXC as well as CompactFlash cards. USB SuperSpeed is also supported for super-fast data transfer speeds of up to 5Gbit/s.

All SNAPPY EVO series USB hubs and card readers are incredibly compact and stylish – and thanks to their plug & play functionality they're good to go as soon as they're connected.

The majority of SNAPPY EVO USB hubs and card readers are available now from retailers – with the active 4-port USB 2.0 and USB 3.0 hubs following in a few weeks, so Speedlink fans won't have long to wait for ultimate connectivity.

#### SNAPPY EVO USB Hub, 4-Port, USB 2.0, Active

- Article number: SL-140002-BK
- Active USB 2.0 hub with AC adapter
- Four USB 2.0 ports
- USB Hi-Speed data transfer at up to 480Mbit/s
- Integrated USB cable
- LED status indicator
- Driverless plug & play installation
- Compact design
- Maximum output current: 2A

Press Release

– For immediate release –

- Cable length: approx. 100cm (AC adapter); approx. 20cm (USB cable)
- Dimensions: 80 x 45 x 17mm (W x D x H)
- Weight (excl. AC adapter): 41.5g
- RRP: €14.99

#### SNAPPY EVO USB Hub, 4-Port, USB 2.0, Passive

- Article number: SL-140004-BK
- Passive USB 2.0 hub
- Four USB 2.0 ports
- USB Hi-Speed data transfer at up to 480Mbit/s
- Integrated USB cable
- LED status indicator
- Driverless plug & play installation
- Compact design
- Cable length: approx. 20cm
- Dimensions: 80 x 45 x 17mm (W x D x H)
- Weight: 41.5g
- RRP: €7.99

#### SNAPPY EVO USB Hub, 7-Port, USB 2.0, Active

- Article number: SL-140005-BK
- Active USB 2.0 hub with AC adapter
- Seven USB 2.0 ports
- USB Hi-Speed data transfer at up to 480Mbit/s
- Integrated USB cable
- LED status indicator
- Driverless plug & play installation

Press Release

– For immediate release –

- Compact design
- Maximum output current: 2A
- Cable length: approx. 100cm (AC adapter); approx. 20cm (USB cable)
- Dimensions: 100 x 45 x 17mm (W x D x H)
- Weight (excl. AC adapter): 51.5g
- RRP: €19.99

#### SNAPPY EVO USB Hub, 4-Port, USB 3.0, Active

- Article number: SL-140106-BK
- Active USB 3.0 hub with AC adapter
- Four USB 3.0 ports
- USB SuperSpeed data transfer at up to 5Gbit/s
- Integrated USB cable
- LED status indicator
- Driverless plug & play installation
- Compact design
- Maximum output current: 2A
- Cable length: approx. 100cm (AC adapter); approx. 20cm (USB cable)
- Dimensions: 80 x 45 x 17mm (W x D x H)
- Weight (excl. AC adapter): 41.5g
- RRP: €29.99

#### SNAPPY EVO USB Hub, 4-Port, USB 3.0, Passive

- Article number: SL-140107-BK
- Passive USB 3.0 hub

Press Release

– For immediate release –

- Four USB 3.0 ports
- USB SuperSpeed data transfer at up to 5Gbit/s
- Integrated USB cable
- LED status indicator
- Driverless plug & play installation
- Compact design
- Cable length: approx. 20cm
- Dimensions: 80 x 45 x 17mm (W x D x H)
- Weight: 41.5g
- RRP: €19.99

#### SNAPPY EVO USB Hub, 7-Port, USB 3.0, Active

- Article number: SL-140108-BK
- Active USB 3.0 hub with AC adapter
- Seven USB 3.0 ports
- USB SuperSpeed data transfer at up to 5Gbit/s
- Integrated USB cable
